

SAINT MARK CATHOLIC ACADEMY

A Guiding Light in Sheepshead Bay

May 17, 2023

Dear Families:

I'm not a doctor, but I think it's safe to "diagnose" many of our students with a classic case of spring fever! The symptoms: smiling, giggling, chatting with friends, and lack of desire for schoolwork!

You can see it all around—our students are excited about spring, and who can blame them? After a cold winter and a soggy month of March, they're eager to get outside and enjoy the sunshine! What's more, as everyone knows, now that spring is here, summer—and the last day of school—can't be too far behind!

It's great to be excited for spring and summer; our faculty and staff are looking forward to it, too! But, it's also important to remember that the last few weeks of school are also essential. For some, it's a matter of maintaining the great work they've been doing all year, and for others it's putting forth a little bit of extra effort before the final report card.

While it's easy to diagnose spring fever, it's not as simple to treat. The best advice I can offer families is to make sure your children are doing their homework and studying, but also give them time to play. In fact, maybe even take away the technology for a while and allow your children to enjoy the sunshine and fresh air!

Before we know it, the last day of school will be here, and summer vacation will be upon us! The spring fever will be gone, but it will inevitably be replaced by a case of the dreaded "summer boredom!" For that, a good book is the best remedy!

Sincerely,

Mr. Mark Wilson

Principal
