

May 24, 2023

Dear Families:

It's hard to believe that there's only a week left in the month of May! What's even more incomprehensible is that there's just about four weeks left to the entire school year! Nonetheless, this is a busy time of year. When I was a teacher, and now as principal, I always tell people the busiest and most hectic days on the calendar are the beginning of the year and the end. I use the analogy of an airplane. Takeoff and landing are the most stressful and worrisome. Being in the air is the easy part!

As we enter the final weeks, and the hectic schedule gets even busier, I feel it's important to "remember the middle." Although it can sometimes feel like a blur, we have accomplished a great deal during the course of the school year together. Most importantly, we have seen your children grow...spiritually, academically, and physically. That's what it's all about! Sure, things can be hectic in September, and it's just as busy in June—but, we can't let these stressful days overshadow all of the great things we have accomplished!

I don't know how much it's done anymore, but after a successful landing, passengers on airplane used to applaud. What is it that they are applauding? Is it just the landing...or is it the entire flight? Are they just applauding the pilot...or are they also thanking the co-pilot, flight crew, and flight attendants? As we reach the end of the school year, we should applaud, too. Not just for getting through the month of June, but for what was accomplished throughout the year, for all that took place from our point of origin to our current destination—and all the people who helped us get there!

Sincerely,

Mr. Mark Wilson
Principal
